

# 2021 KPhA Board Election Nominations

**I am nominating**

myself

**For which position are you applying or making this nomination?**

Health-Systems Chair

**Nominee's Name**

Adam Henn

**Nominee's Phone Number**

(913) 237-8032

**Nominee's Email**

ahenn@kumc.edu

**Why are you applying (or nominating this person) for this position?**

Professional organization membership and participation has always been an important factor for me to maintain throughout my pharmacy career. The Kansas Pharmacists Association played an important role in my development into a pharmacist through various advocacy events, networking opportunities, and professional advancement. I am interested in continuing these efforts through my application for the Health-Systems Chair position because I believe I have the capabilities and character to be successful in this role. I have experience leading small and large teams, work effectively and efficiently in group settings, and deliver on tasks and responsibilities assigned to me. My character includes building trust and partnership with those I work with, self-awareness of my actions and the impact on others, and the ability to inspire and motivate. The opportunity to advance and promote quality pharmacy practices across the state of Kansas would be a tremendous honor. Thank you for your consideration.

**What interests do you (or the nominee) have outside of KPhA (other organizations, community, family, etc.)?**

I enjoy traveling, exploring the food scene in Kansas City, exercising, and spending quality time with my wife, Katie.

**What goals do you (or the nominee) have personally?**

My personal and professional goals align to be a valued member of my community. Professionally, my goals include continued advancement of my career through enhancement of my leadership skills, mentorship to pharmacists and student pharmacists, and advancement of pharmacy practice. Personal goals include running my first marathon, traveling outside of the US, starting a family and purchasing a home.

**Discuss a time when you (or the nominee) worked in a collaborative/team-based environment:**

Throughout my two-year Health System Pharmacy Administration & Leadership (HSPAL) residency at Froedtert and the Medical College of Wisconsin I was member of the Pharmacy Society of Wisconsin, Practice Advancement Leadership Team (PALT). PALT consisted of all the HSPAL residents & resident directors in the state of Wisconsin from five different health-systems. The overall goals of this group are to heighten practice standards and improve patient care through various projects and initiatives. The group I had an opportunity to work with, developed a Leadership Webinar series consisting of five to six webinars focused on personal and professional growth topics. These webinars were tailored to be inclusive for all team members in pharmacy, including students, technicians, and pharmacists.

**The KPhA Board meets quarterly from 9 a.m. to 4 p.m. at our offices in Topeka. Would you (or the nominee) be available to attend the meetings in person or via teleconference?**

Yes
