

## 2021 KPhA Board Election Nominations

**I am nominating**

myself

**For which position are you applying or making this nomination?**

At-Large 1 Chair

**Nominee's Name**

Savanna Anschutz

**Nominee's Phone Number**

(316) 655-2819

**Nominee's Email**

savanna@bkrx.com

**Why are you applying (or nominating this person) for this position?**

I have served as the member at-large chair the last two years and have truly enjoyed sharing information and being hands-on with our members. I want to continue to support our profession and encourage growth within the field by being an actively involved member on the team while advocating and sharing new healthcare information/opportunities. Therefore I would be honored to hold another 2 year term.

**What interests do you (or the nominee) have outside of KPhA (other organizations, community, family, etc.)?**

I am currently a NCPA member and have attended the annual conference the last 4 year, I am also attending this coming conference in October located in Charlotte, NC. I am actively documenting and submitting pharmacist tasks for CPESN, working towards future billing of hands-on care/duties. Also as a new community member I'm actively involved supporting locally in Salina. E.g getting ready for the Color Run 5k supporting the Central Kansas Foundation addiction treatment center here in town that helps numerous people in my community as well as many others.

**What goals do you (or the nominee) have personally?**

I plan to work towards and earn the opportunity to be a pharmacy owner in the near future, while continuing to grow within the profession. Although my most important goal would be to actively learn throughout my career to improve our field and inform others.

**Discuss a time when you (or the nominee) worked in a collaborative/team-based environment:**

I currently serve as a member on collaborative teams within my community for e.g. hospice care, pain management, retail pharmacy, and more. We form plans and ideas, making adjustments regularly too better our patient outcome and improve the overall care. For e.g., I have recently started a new program that directly works with a local physician and her team dosing and getting medications approved with insurance to treat pediatrics with epilepsy/seizures with specific medications like botox and dysport.

**The KPhA Board meets quarterly from 9 a.m. to 4 p.m. at our offices in Topeka. Would you (or the nominee) be available to attend the meetings in person or via teleconference?**

Yes
