

## VISIT YOUR LOCAL PHARMACY FOR YOUR FIRST, SECOND OR BOOSTER DOSE OF A **FREE COVID-19 VACCINE!**

Remember, for the best possible protection from severe COVID-19 disease, it is important to receive *both* doses of the Pfizer or Moderna COVID-19 vaccines or a single dose of J&J.

If you are ages 18+, a booster dose is recommended 6 months after your second vaccine dose of Pfizer or Moderna, or 2 months after J&J, for maximum protection.
